

350kW photovoltaic grid-connected inverter manufacturer

Our 350kW inverter units are high performance, advanced and reliable inverters designed specifically for the North American environment and grid.

Key Features -- Wide DC input range -- True three phase bridge, transformer-less topology -- Low sensitivity to the grid disturbance to avoid unnecessary disconnection from the grid -- 8 independent ...

Multi-mppt string inverters from Sungrow, sg350hx, are proven safe for 24h real-time AC and DC insulation monitoring and reach a high yield of 99% at a low cost.

Utility-Scale PV Inverter MAX 320-350K-X 320-350kW 6 MPPTs 800Vac About Growatt Solutions Products

Sungrow provides a full range of products across solar inverters, energy storage systems, EV chargers, and more, delivering reliable and efficient clean energy solutions worldwide.

With our high current rated DC inputs, systems can realize full capacity as well of their PV modules. Our system supports ease of installation with MC4 connectors, while maintenance is streamlined with ...

The grid-tied solar inverter Sungrow SG350HX-20 is a professional solution for large industrial and commercial power plants. With an output power of 350 kW, three-phase connection, and twelve ...

The X3-GRAND grid tied inverter is designed for both new and retrofit ground-based solar power station projects. Designed for durability, the utility-scale inverter supports operation at altitudes up to 5000 ...

Features OnGrid three phase MPPT based inverter Optional AFCI function, night SVG function High efficiency: up to 99% IP66 protection Support both AI and Cu

The Solax X3-GRAND-350K HV (MPN: 1030240116) is a grid-connected string inverter that has been specially developed for large-scale, ground-mounted PV systems and meets the highest ...
