

Argentina outdoor communication battery cabinet project bidding

Does Argentina have a battery storage tender?

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, managed by CAMMESA, offers long-term contracts with fixed payments and financial guarantees to attract developers.

Does Argentina have a battery energy storage system?

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program.

How much does almagba storage cost in Buenos Aires?

The AlmaGBA Storage tender, for the metropolitan area of Buenos Aires (AMBA), will pay a fixed \$10/MW of electricity supplied and energy storage capacity bids must have a maximum cost of \$15,000/MW/month.

Is Buenos Aires a good place to buy a battery?

Buenos Aires, with its dense urban load and aging infrastructure, is an ideal candidate for such an upgrade. Moreover, this tender arrives at a time when battery prices are becoming increasingly competitive, and international developers are actively seeking new markets with clear regulatory frameworks and stable revenue models.

Argentina's battery energy storage systems tender receives 1.3 GW in bids--more than double its target--highlighting growing demand for grid resilience solutions.
