Who regulates Germany's electricity and gas markets?

Energy The Energy Act assigned the task of regulating Germany's electricity and gas markets to the Bundesnetzagentur. The purpose of regulation is to establish fair and effective competition in the supply of electricity and gas.

What laws govern the electricity grid expansion in Germany?

The electricity grid expansion in Germany is governed by a series of laws and policies. These include, among others, the Federal Requirements Plan Act ("Bundesbedarfsplangesetz"), the Energy Industry Act ("Energiewirtschaftsgesetz"), the NABEG and the Environmental Impact Assessment Act ("Gesetz über die Umweltverträglichkeitsprüfung").

What did the Berlin energy referendum entail?

The referendum was organised by the Berlin Energy Roundtable (BET) and aimed at legally requiring the local government to buy back the electricity distribution grid, introduce democratic participation in energy governance and create a public utility for the generation and distribution of renewable energy.

Does Berlin want to pay for energy?

According to a representative of the Senate Administration 'this means that although Berlin thinks energy is important, it does not want to pay for it' (S03). There is also no strategic coordination between the different Senate Departments when it comes to climate and energy policy. 4.2.2. Whose grid?

^^ H&#228;? Es wurde doch nun schon mehrmals erw&#228;hnt: Es handelt sich hier um eine 3D-Architektur-Visualisierungs-Firma aus Berlin! Nicht um konkrete Planungen oder Bauvorhaben. PS. ...
