

Customized 10kW Data Center User Cabinet

Where are data center custom server cabinets made?

AMCO Enclosures offers data center custom server cabinets, cases, cages, cable management, and PowerWhips products. All our custom data center network racks and server racks are manufactured right here in the USA at our facility in Des Plaines, IL. This includes data center custom server cabinets, cases, cages, cable management, and PowerWhips products.

What are data center rack and cabinet solutions?

These data center rack and cabinet solutions are ideal in places where the ambient temperature is insufficient to support hot data center machines. Custom production gives you the privilege to choose preferred specifications to create your custom made boxes.

What is a DC series cabinet?

Our DC Series is the Data Center Standard for high-capacity, high-weight load rated, feature-rich cabinets.

Where are custom network racks manufactured?

At our facility in Des Plaines, IL, all custom network racks and server racks are manufactured in the USA. In addition to producing standard configurations, we excel in providing customized solutions, including custom network racks.
