

Dakar vivint solar

How much does a Vivint Solar System cost?

These numbers are based on average system sizes and installation costs for the solar panel brands Vivint carries. These prices fall below the industry average of \$20,979 for a similarly-sized system, meaning Vivint is below average when it comes to cost.

Who is Vivint energy?

Vivint Energy is a leading Smart Energy Company, Get Smart Energy today that could save you money.

Who is Vivint Solar?

Vivint Solar is one of the most well-known company names in the solar industry. The provider has been around since 2011, and in that time, it has seen faster growth than most competitors, and it has established a nationwide presence.

Does Vivint offer a solar lease?

One of the upsides of Vivint and its parent company, SunRun, is that they make solar super accessible to a wide range of customers. Although the solar leases they push on customers aren't as beneficial as other options, they require no down payment and often no credit check and they provide instant energy savings in most cases.
