

# Ecoflow delta lifepo4

Is ecoflow Delta 2 a good portable power station?

I measured 870Wh which is still a very respectable 85% efficiency. The EcoFlow Delta 2 is the best portable power station I've tested so far in its class. It's great to see a long lasting LFP battery and reassuring that EcoFlow backs this up with a 5 year warranty.

What is ecoflow Delta 2?

EcoFlow DELTA 2 isn't just a battery. It gives your home power security & provides you with stored energy to take anywhere to power pretty much anything. All in a portable, handy design. Ideal for home power backup, RVs, tents, or on the go. Storing energy in a battery means you can power things for hours or days on end indoors or out.

How long does a ecoflow Delta 2 battery last?

Its LFP (LiFePO<sub>4</sub>) battery chemistry makes for a portable power station with a 3000+ cycle life. Enough for years on end of use. With a sophisticated BMS, you can go easy knowing its auto-regulating to keep you safe. What's in the Box. EcoFlow DELTA 2 portable power station, AC charging cable, User manual, and an exclusive 5-year customer service.

What is the difference between ecoflow Delta 2 and ecoflow 3000?

Same power, more compact. Achieve 2kWh capacity with EcoFlow DELTA 3 Extra Battery (1kWh), making it 1/3 smaller than the DELTA 2 power pack. Intelligent Hybrid offers an extended runtime with the EcoFlow Smart Generator 3000 (Dual Fuel). Its auto start/stop feature removes the need for manual operation.
