

# Guoluo hot-dip galvanized fixed photovoltaic bracket

41\*21 Wind Load up to 60M/S Snow Load 1.4KN/M2 Surface Treatment Anodized Product name C-type channel steel Material Carbon Steel, Stainless Steel, Zinc Aluminum Magnesium Specification 41\*41,41\*21,41\*62 ...

We're well-known as one of the leading hot-dip galvanized steel photovoltaic bracket manufacturers and suppliers in China. If you're going to buy high quality hot-dip galvanized steel photovoltaic bracket at ...

We have our own factory with an area of 150,000 square meters, producing a full range of solar photovoltaic products. For both sample orders and large orders, we can guarantee timely delivery.

Our self-developed independent single-row tracking bracket 1P system can adapt to 20% slopes on north and south slopes, remains close to the ground, and has strong wind resistance.

Made of aluminum alloy, hot-dip galvanized steel or stainless steel, wind and snow resistant, it has ground-mounted, rooftop-mounted and floating types, and is key to ensuring system stability.

Our brackets are made of high-quality hot-dip galvanized steel, which has strong corrosion resistance and can maintain long-term stability in harsh weather and environment, especially suitable for humid, salt spray or ...

Enter Guolo fixed photovoltaic bracket manufacturing - the unsung hero of solar installations. While solar panels grab headlines, these aluminum and steel skeletons work overtime, ensuring your renewable energy system ...

Our self-developed independent single-row tracking bracket 1P ...

A hot-dip galvanized solar photovoltaic panel mounting bracket designed for durable and secure installation of solar panels. Its corrosion-resistant construction ensures long-term reliability in diverse environmental ...

Photovoltaic brackets are essential components for securely mounting solar panels, ensuring stable and reliable installations. Designed for durability and precision, these brackets are engineered to withstand various ...

Easy and Secure Mounting: The photovoltaic bracket is designed for easy and secure mounting, making it simple for users to install and maintain their solar energy systems, even for those with limited technical ...
