

# High-efficiency outdoor telecom enclosures for oil refineries

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What materials are used for outdoor enclosures & cabinets?

Explore Waterproof & Weatherproof NEMA-Rated Outdoor Enclosures and Cabinets with AZE! Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity.

Why should you choose Aze outdoor enclosures?

When it comes to safeguarding your electrical and electronic systems in demanding outdoor environments, AZE Outdoor Enclosures are the ultimate solution. Designed to meet the highest industry standards, our enclosures provide unmatched durability, weatherproofing, and reliability for a wide range of applications.

What is a vikinor enclosure?

Each enclosure is designed to integrate seamlessly with Vikinor's cooling, power, and monitoring systems. Factory preparation for air conditioners, fans, or heaters simplifies on-site assembly. Standard 19", 21" and 23" rack designs ensure compatibility with telecom equipment.

Pre-installed battery cells, transported as a complete cabinet, no on-site installation Independent PACK maintenance window, providing easy maintenance and high efficiency ...
