

Huawei high-voltage energy storage cabinet battery model

The ESM-48150A3 Huawei is a high-performance 48V 150Ah lithium battery module designed for telecom, data center, and hybrid energy storage applications.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Huawei 13.8 kWh High-Voltage Battery is a sleek, modular high-voltage LiFePO₄ smart string energy storage system for residential solar installations. With a usable capacity of 13.8 kWh, it's composed ...

The Huawei FusionSolar LUNA2000-S1 PV battery offers high performance, safety and efficiency. With a 15-year warranty and scalable capacities from 5 to 21 kWh, it fulfils a wide range of energy storage ...

The HUA POWER 100kW/215kWh PV + Battery ESS All-in-One Cabinet is built for high-demand utility and industrial applications. With 100kW PCS and 215kWh of LiFePO₄ battery storage, it delivers ...

Featuring an innovative wall-mount design that saves space, this battery allows quick and easy installation, making it an ideal choice for both residential and commercial purposes, optimizing space ...

The Huawei LUNA2000-215kWh-2S10 is an industrial-grade, high-voltage energy storage system that is safe and easy to install.

The LUNA2000 7 kWh lithium battery from the manufacturer HUAWEI is a modular battery for single-phase and three-phase self-consumption systems with HUAWEI inverters.

Huawei LUNA2000-10-S0 Battery Storage Smart ESS Battery 10 kWh Offer including 0% VAT* Huawei Smart High-Voltage Battery More energy 100% depth of discharge Charging optimization at battery ...

HC215P PV+Battery ESS All-in-one Cabinet Supports PV utilization and peak-valley arbitrage; ideal for C&I storage, distributed PV, microgrids, and emergency power scenarios.
