

Modular battery cabinets for airports along the Belt and Road Initiative IP54

Is the Belt & Road Initiative China's answer to development?

Any errors are the responsibility of the authors. The Belt and Road Initiative (BRI) is widely touted as China's answer to development through international connectivity. The scheme has often been linked to China's objectives of crafting a new world order centred on itself and/or stabilizing its economy through externalizing surplus capacity.

What is the Belt & Road Initiative (BRI)?

The Belt and Road Initiative (BRI), also known as One Belt One Road (OBOR), is one of the most ambitious infrastructure and economic development projects in modern history.

Is logistics a key pillar of the BRI?

Logistics, as a key area and fundamental pillar of the BRI, has achieved remarkable progress, significantly contributing to the initiative. Looking ahead, the BRI is set to enter a new stage of high-quality development, posing new requirements for China's logistics sector while charting a clear path for further progress.

Which countries support the Belt & Road Initiative?

Energy Security: Developing pipelines, power plants, and energy corridors to meet growing energy demands. As of 2025, over 150 countries and international organizations have signed agreements or expressed support for the Belt and Road Initiative. This includes nations across Asia, Africa, Europe, Latin America, and even the South Pacific.
