

# Photovoltaic Panel Damage Compensation Agreement

What is a photovoltaic insurance policy?

A major component of operation-and-maintenance costs for commercial or utility-scale photovoltaic (PV) systems is insuring against losses from physical damage or liability for losses caused to others (Speer, Mendelsohn, and Cory 2010).

Are BP Solar panels eligible for a class action settlement?

If you have BP solar panels you may be entitled to replacement of the solar panels and/or a new inverter from a class action settlement. Important Updates: A new model number, BP365TS, has been added to the list of eligible Class Panels. Please see the Long Form Notice for further details.

Why is insurance important for photovoltaic plant operations?

Insurance is important to several aspects of photovoltaic (PV) plant operations. Insurance is often a prerequisite for financing, operating permits, interconnection agreements, and leases or as part of a power purchase agreement for an on-site PV system. The history of insurance for PV systems is short compared to other types of assets.

Does homeowners insurance cover a PV system?

For residential photovoltaic (PV) systems, homeowners' insurance extends property coverage to the PV array and liability coverage to bodily injury to others or damage to the property of others that occurs as a result of the system.
